Thank you for this information. This will make our job a lot easier! Please make as many additional copies of this form that you need to include everyone in your family.

Also, any stories you wish to include about the person are very welcome. This information will hopefully help to make a lasting record of our family history.

Any dates and significant events are requested as well. Please feel free to attach extra pages to make sure you get it all down!

Photos are welcome too! It would be nice to see the faces that go with the names we hear so much about.

Photos will be returned if needed, or you can send us copies to use.

Please write to us with any suggestions you have. Thank you for taking the time to help us with an immense undertaking.

Thank you again,
